WHAT OUR DOCTORS ARE SAYING

Z-SYSTEMS CERAMIC DENTAL IMPLANTS

The Only FDA Approved 100% Metal Free 1-Piece, 2-Piece & Tapered Ceramic Dental Implants Complimented by the ONLY Full Ceramic Surgical Kit on the market!

Having used Z-SYSTEMS all-zirconia implants for more than nine years, I have seen this company's commitment to continuously improving their products. They are currently introducing their sixth generation of zirconia implants to the U.S., when no other company is past their first generation zirconia implant in the U.S. market. In fact, most other companies haven't even been in the market for a year.

I look fondly at our 8-year results. The implants, the restorations, and the soft tissues look as beautiful as the day the implants were restored. There is no better motivation to go back again and again to Z-SYSTEMS products for each new case!

Z-SYSTEMS has opened up a whole new world of patient solutions in ceramic implants, with their full line of a 1-piece, 2-piece & Tapered Implants, it's no wonder they lead the market with the most trusted and tested full line of Ceramic Dental Implants. A proven alternative to Titanium Implants: finally making metal-free dentistry a reality

Dr John Roberts, B.Ch.D
Huddersfield, UK

Z-SYSTEMS has been used at our practice for the past 6 years. Our long term results shows favorable clinical outcomes with excellent soft tissue contours and stable bone levels. Furthermore, having performed extensive microscopy and microanalysis research on Z-SYSTEMS implants, this material has shown to be durable and for the most part resistant to aging.

Z-SYSTEMS continuing commitment has been proven to me through their ongoing support of my research projects to allow for further enhancement and innovations of their products and in turn lead the Zirconia implant market!

Dr Mona Monzavi DMD, MS
Beverly Hills, CA

Z-SYSTEMS is a true game changer in the implant arena. It is clear why Z-SYSTEMS leads the market with the most trusted ceramic implants in the world. Having used ceramic implants for the past 6 years, I was very excited to start using Z-SYSTEMS products in the last year.

Z-SYSTEMS ongoing commitment to quality & continual innovations provide practitioners with more flexibility and options than any other ceramic implant company, and allows me to treat the specific needs of each and every patient. History matters when it comes to quality treatments!
